---	---

Dear Sir,

**Sub.:** Disclosure of information under Regulation 30 of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 – updates on setting up 39600 MTPA Chlorotoluenes Plant

**Ref.:** Our letters dated 07.02.2018 and 08.02.2018

The Company had earlier planned to set up a 39,600 MTPA Chlorotoluenes Plant at Dahej Complex for which an intimation was sent on 7<sup>th</sup> February 2018. In lieu of producing these products, the Company continued getting those products produced through outsourcing and had kept the implementation of the said Project on hold. Now, the Company, as a long-term strategic measure and for in-house chlorine consumption, has taken a fresh look at the matter, and has decided to put up its own 30,000 TPA Chlorotoluenes Project at Dahej.

Accordingly, the Board of Directors of the Company at its 390<sup>th</sup> Meeting held on 24<sup>th</sup> May 2022 approved setting up of an 30,000 TPA Chlorotoluenes Project at Dahej at an estimated cost of Rs.350 Crores. This Project, when implemented, within 24 months from the commencement of engineering, would help the Company in consistently fulfilling the needs of its customers for these products and generate an estimated annual revenue of Rs.300 Crores at current market rates.

The project cost shall be funded from internal accruals/surplus generated from internal operations and need based gap, if any, shall be met from External Commercial Borrowings (ECBs) or Rupee Term Loans.

Kindly take note of the above.

Thanking you,

Yours faithfully,  
For GUJARAT ALKALIES AND CHEMICALS LIMITED

( S S BHATT )  
COMPANY SECRETARY &  
CHIEF GENERAL MANAGER (LEGAL & CC)
